MINDS IN THE MAKING

TRIAGE Parent Volunteer Form

Team Researchers in a GLOBE-al Environment (TRIAGE) is an after-school, extra-curricular program, focusing on authentic research with middle school students and their teachers. Parents will play a crucial role in facilitating transportation and encouraging students' commitment to science/research as parents participate in the explorations alongside students.

- I realize that this opportunity to participate will be available over the course of one CALENDAR year (i.e., from January, 2008 through December, 2008).
- If I am needed, I would be willing to help with TRIAGE:

Weekly Every Other Week Monthly Summer Never

- Would you be willing to assist with transportation to/from field trips on dates that work with your schedule? (please circle one) **YES** **NO**

IF you are willing to help **AT ALL** (and have therefore responded to any of the above accordingly), please provide the following information for us so that we may contact you.

Printed Name: _____ Date: _____

Child's School: _____ Child's Name: _____

Email(s): _____

Please provide the BEST email to reach you at during the day!

Phone(s): _____

Please provide the BEST phone number to reach you at during the day!
